## FINE PLANS FOR THE TOWN HOTELS

Four of them to Undergo Extensive Improvements during the Winter Months in Preparation for Next Year. Will Re-Furnish them.

Showing their faith in Gettysburg's future and in the increased tourist business which is sure to come next year and in succeeding seasons, the proprietors and managers of several local hotels to-day announced plans for improving their houses during the winter months.

Frank Eberhart stated that he would install twenty five more private baths in the Eagle Hotel, the work to start shortly after the holidays. The hotel already has fifty rooms with bath, but the increasing demand for this accommodation on the part of motorists has made the additions imperative. Mr. Eberhart will also re-paper and re-paint many of the rooms, will put in new furniture and new carpets where they are needed, keeping everything in first class condition.

Henry Scharf, manager of the Hotel Gettysburg, said that running-water would be added to many of the rooms there. No new private baths will be installed as they have been attached to all the rooms where space would allow their construction. Many new carpets will be laid in the sleeping rooms, and papering and painting will be done wherever it is necessary. The hotel will be generally cleaned and overhauled during the winter months in preparation for the opening of the tourist business in the spring.

Kenderton S. Lynch, proprietor of the Lincoln Way Hotel, will refurbish the entire third floor of his hotel, and do whatever repapering and repainting is necessary. He will install several more bathrooms and increase the number of rooms with private bath. Running water will likely be placed in other rooms not equipped with bath. New furniture was placed in all the rooms on the second floor of the hotel before the opening of the 1915 season.

The Wabash Hotel is to undergo extensive changes and improvements under the direction of its new proprietor, George W. Gangswich. He will renovate the first floor of the hotel, having the dining room repapered and decorated, the parlor refurbished, and other changes made wherever necessary. The bedrooms will all be renovated and refurbished. Running water will be placed in a number of the rooms, and private baths will also be installed. He purposes to make the hotel thoroughly up-to-date and inviting.

That the belief in increased tourist business is well founded is the general feeling here, as a result of the thousands of motorists who visited Gettysburg during the past summer. Local garages, enlarged and equipped with the most approved appliances, were unable several times to handle all of the business and on at least two occasions cars had to be parked on the streets during the night. George F. Eberhart's fine new building, the first floor of which will be almost entirely devoted to garage business, will not only beautify the corner of Chambersburg and South Washington streets, but will do much toward solving the problem of accommodating the tourist trade here, while the other garage owners are also planning further improvements to their places.

The increase in the traffic is accounted for, first by the ever growing interest in Gettysburg; and second, by the improvement to the roads entering the town. Motorists no longer have to cope with a rocky York, Littlestown, or Chambersburg pike but find them all in good condition. The Emmitsburg road has been so materially improved that a large part of the Maryland business will now come here, and plans for the other roads entering Gettysburg contemplate extensive improvements next spring.

## ANDREW ANNAN IS TAKEN BY DEATH

Prominent Citizen of Emmitsburg Dies at his Home. Had been Member of the Maryland State Legislature. Other Deaths.

### ANDREW ANNAN

Andrew Annan, one of the most prominent citizens of Emmitsburg, died at his home at that place Monday morning about ten o'clock, of heart trouble, aged about 78 years. While Mr. Annan had been in poor health, yet his death was a shock to his many friends.

Mr. Annan was a member of the Maryland Legislature from Frederick county, having served two terms in the House of Delegates. He was regarded as a well-to-do man, and was the possessor of good business ability.

About a year ago Mr. Annan sold his farm and also his interest in two others. While not a member of any church he was a regular attendant at the Presbyterian church.

Mr. Annan leaves his widow and one daughter, Miss Luella Annan, at home. One sister, Mrs. O. A. Horner, of Emmitsburg, also survives.

Funeral from his late home at two o'clock Wednesday afternoon, with interment in the Emmitsburg cemetery.

### MRS. EDWARD MYERS

Mrs. Annie E. Myers, wife of Edward Myers, of Hampton, died in the Harrisburg state hospital, on Saturday afternoon, aged 61 years, 8 months and 20 days. She was admitted to the institution last May.

Her husband and the following brothers and sisters survive: Mrs. Ezra Simpson, Hanover; Mrs. Albert Trimmer, Nashville; Henry Harbold, Hampton; Samuel Harbold, New Oxford; Peter Julius, Red Mount, York county.

The body was taken to East Berlin to the home of her brother-in-law, Samuel Allen, for burial on Wednesday. After brief services at the house the funeral party will proceed to Holtzswam church, where concluding services will be held, and interment made in the adjoining cemetery.

### MRS. THOMAS SWEENEY

Mrs. Sarah Catherine Sweeney, widow of the late Thomas Sweeney, mother of fourteen children, grandmother of 79 grandchildren, 57 of whom are living, and great-grandmother of 84 great-grandchildren, 67 of whom are living, died suddenly Sunday morning at 7:30 o'clock at the home of her daughter, Mrs. Henry Fraley, near Thurmont, aged 81 years, four months and 28 days.

While fourteen children were born, four are dead, one son, McClellan Sweeney, and his two sons having been killed in the Western Maryland wreck near Patapsco about 10 years ago, in which 25 people lost their lives. Three children of Mrs. Sweeney died in infancy.

The funeral was held to-day.

### MOSES A. CHRONISTER

Moses A. Chronister, brother of Mrs. Oliver Gerber and Mrs. William Fishel, both of Hampton, died at the home of his son in York, Friday evening aged 63 years.

Funeral in York on Wednesday afternoon at 1:30.

### REQUESTS FOR SEEDS

Local Agriculturists Want to Try Samples of Grains.

Adams county farmers are showing an interest in the opportunity afforded by the government to test new and rare seeds which it is thought may prove valuable additions to forage crops in this section of the country. Congressmen C. William Beales and D. F. Lafane, both of whom have limited quantities of these seeds for distribution in Adams county, are receiving requests for them. Owing to the limitation of the supply, and to the desire to get the seeds into the hands of those who will give them an intelligent trial and submit reports on results, the agricultural department has arranged that the entire distribution be by personal application.

## LECTURES OPEN TO THE PUBLIC

Series of Three Lectures will be Given by Noted Instructor, to All of which the General Public will be Welcome.

Gettysburg people will have the opportunity this week of hearing one of the foremost physicists of the country when Dr. William Suddards Franklin will come here to deliver three lectures at the college, all of which will be open to the general public who are cordially invited to attend.

The first of the series will be given in Brua Chapel Wednesday evening at eight o'clock when his subject will be "Some Phenomena of Fluid Motion and the Curved Flight of a Base Ball," with experiments of an elementary nature. On Thursday afternoon at three o'clock Dr. Franklin will lecture in the Physics Room on the first floor of Glatfelter Hall on "Electric Waves," with experimental demonstrations. Thursday evening at eight o'clock, in Brua Chapel he will have as his subject "Some Mechanical Analogies in Electricity and Magnetism," with working models and experiments.

His lectures, though necessarily of a more or less technical character, will be adapted to a general audience so that they should be highly interesting.

Dr. Franklin was born in Kansas in 1863 and received his bachelor's and master's degrees from the University of Kansas, at which institution he was assistant professor of physics for three years following his graduation. From 1892 to 1897 he was professor of physics and electrical engineering in Iowa State University, and since 1897 he has been a full professor at Lehigh University, now being professor of physics.

He was a member of the jury of awards at the Philadelphia and Buffalo expositions, is a fellow of the American Association for the Advancement of Science, having been its secretary in 1898 and its vice president in 1902; and he is the author of a number of treatises among which may be mentioned his text-book on "Electric Lighting."

### WILL LOSE SEVERAL

And Frederick will not be so Formidable as Last Year.

The pennant winning team that represented Frederick in the Blue Ridge League last year will not be intact next season, according to the "Post" which says:

"While all the players of the Frederick aggregation with the exception of Connelly and Myers were held over under the reserve clause, yet it is understood that a few of them desire their release. Agnew, the second baseman of the squad, was in Frederick a few weeks ago, and it is understood in base ball circles that he negotiated with the Players Committee in an effort to be released from further obligation to this league. Rabbit has been a valuable asset to the team, and every effort will be made to retain him here for next season.

"Gus Boyne, the tall first sacker, has also talked about his release, but it is thought that he can be induced to remain here. Harry Llewellyn, a pitcher who aided so materially in the success of the Frederick aggregation, also desires to obtain his release on the grounds that he has a better offer next summer. Llewellyn is now employed in a banking firm in Dobson, N. C."

## CHRISTMAS RUSH ALREADY STARTED

Signs of Holiday Business Apparent on Every Side. Merchants See Busy Weeks Ahead Good Season is Anticipated.

Gettysburg merchants report that their Christmas business has started in considerable volume and that the "shop early" slogan which has been spread broadcast for several years is having its real effect. Realizing that the holiday trade is to be in advance of that of other years, the business men have started advertising their goods and the stores are taking on the real holiday aspect.

For many years there has been a persistent effort over the country to educate the buyers to trade at home. Experience has shown them that in the local stores the same goods may be bought for the same money as in the city stores and the purchaser is given the benefit of examining the goods before buying, as well as having easy access to the merchant in case of any complaint or desire to exchange. A corresponding increase has been noted in the business men's efforts to carry stocks to meet all demands of their customers with the result that the home stores fill well the needs of the community.

The past season has been a good one for Gettysburg and for every part of the county. The furniture and brick plants are working full time and employing large numbers of men, the local educational institutions have an attendance far in excess of other years, and the tourist business was steady all summer,—the three principal avenues of revenue to the town being in better condition than ever before.

A corresponding era of prosperity has marked the county towns and the rural districts. Adams County's crops have yielded a handsome return to the farmer while the fruit grower came into his own this year as never before, through the big apple crop here when other sections, producing the same varieties, had a failure. The revenue has been great and bank accounts are swollen as a result.

Both the town and county, accordingly, are closing a prosperous year, and the merchants in Gettysburg and in the county towns are prepared to handle the trade, a combination which should make excellent business conditions during the three short weeks remaining between now and Christmas. The rush has started and the business will keep up steadily, the wise ones shopping now and the thoughtless ones waiting until the last week or the last day before Christmas.

### FOR THREE DAYS

Mission Services in the Church of the Prince of Peace.

Special mission services will be held in the Church of the Prince of Peace this present week, beginning to-day, St. Andrew's Day, and continuing Wednesday and Thursday. The evening service will be at eight o'clock. There will be a special choir.

The Missioner will be Rev. Dr. Appleton, rector of St. Paul's Church, Harrisburg. Dr. Appleton is an eloquent and convincing speaker. He is a native of New York, and spent the first fourteen years of his ministry in Brooklyn, being assistant at St. Luke's and rector of St. Clement's. He came to Harrisburg a little over a year ago. He is a graduate of Columbia from which institution he received his doctor's degree in 1906.

### CHARGED WITH THEFT

About to Leave on Hunting Trip when Detained by Officer.

Charles R. Sell, of Conewago township, was arrested Monday morning by Constable James Sterner, of McSherrytown, on a warrant issued by "Squire V. H. Lilly, of that place, charged, on oath of Samuel Wildasin, with the theft of two turkeys and a horse blanket. The turkeys were recovered.

Mr. Sell went to Hanover with the intention of going on a ten days' hunting trip in the Blue Ridge mountains, when he was detained by Officer John W. Kiser, until the arrival of Officer Sterner, who served the warrant. The defendant entered bail for a hearing.

## STICKING TO IT IS THING TO WIN

Persistent Effort will Procure an Extra \$25 or \$50. If you have Covered Your Own Field now is the Time to Branch out.

"Keep everlastingly at it" is the motto of a business house in a trade allied to that of newspaper publishing. The fact that they are the most prosperous house of their line in their city and one of the biggest and best known in the United States is sufficient evidence of the motto being a good one. It is one that will win in the game of getting newspaper subscriptions. It is the one that will have to be pursued by the schools winning the prizes in The Times subscription offer.

If you keep in mind that The Times is the easiest paper in the county to sell because it is the biggest, best and newest paper, you know you are not handicapped in trying to market a poor product. Unless you believe in the thing you are trying to do, you cannot be successful. You are not hampered by having to contend with political prejudices and you have people back of you of known responsibility. Do not be afraid to state these facts. Let the prospective subscriber know he is going to get his money's worth. He is not merely contributing to a good cause when he gives money for your school, he is going to get value received for what he spends.

If you have hammered away at every one in your section who does not get The Times or The News, branch out somewhere else. There are a lot of districts that are not really being worked. Everybody has had time to cover their own territory, there is no longer need to hesitate about getting on some other school's ground. If they have not worked it by this time they are not going to do it the way it should be done to win.

Another piece of advice that will bear repetition is: Suggest the Adams County News as a present to members of the family who now live in some other section of the country. These subscriptions may start at any time the donor desires and you will receive credit just the same as though they started at once. No one school will have many subscriptions, keep that in mind, and keep hustling if you want to share an extra twenty five or fifty dollars.

### OFFICERS BUSY

Army Deserter Taken. Early Morning Call to Vacant Room.

County Detective Wilson and Officer Smiley arrested Fred Smith, near town, Monday evening on a charge of desertion from Battery E, 3d United States Field Artillery while it was stationed here for the Webb monument dedication. Smith, it is said, had been working for various farmers about town. He will be turned over to Army officers at Baltimore.

The local police were summoned at 2:30 this morning to the room formerly occupied by the Yohe bakery. The operator in the Bell telephone exchange, located on the second floor of the building, heard robbers at work and called the police who found upon their arrival that the door had been forced open but nothing removed.

## MONASTIR IS CAPTURED

Rome Report says Bulgars Have Taken the City, While Other Reports Say Serbs Are Holding Them Off.

London, Nov. 30.—Salonica advices to Rome state that Monastir has been evacuated by the Serbians and that Bulgarian troops have entered the city.

Other despatches say that while the civilian population has quit Monastir the Serbs are still holding off the Bulgarians between Monastir and Philip.

The Times prints a Salonika despatch saying:

"A fresh struggle for the possession of Krushevo has begun. Newly arrived Bulgarian reinforcements are attacking the harassed Serbians in that quarter. British reinforcements, well provided with powerful field artillery, are being sent from the front as speedily as practicable. They have taken over all positions previously held by the French from Dolan to Kosturino heights, thus constituting the right wing of the allied front.

"The French forces thus relieved have been moved westward. Reports of the fighting are very vague. The Bulgarians are said to have attacked the British positions at Vardovo and to have been repulsed, while the French are said to have inflicted heavy losses on the Bulgarians between Krivolak and the Rajek."

The main Serbian army continues its retreat toward Scutari, Albania. Berlin, which officially declared its main Serbian campaign closed, reports the capture of 1500 more Serbians.

The Berlin claim that its main Serbian operations are over is variously interpreted.

The Daily Mail's Odessa correspondent says he learns that Enver Pasha, the Turkish minister of war, and General von Falkenhayn, chief of the German staff, have had a conference at Orsova, on the Danube, "to discuss far-reaching alterations in the plan of the Balkan campaign caused by unexpected developments in the movements of the entente allies."

The Daily Mail says it suspects that these alterations are necessitated by the threat of the Russian army concentrating at the mouth of the Danube and by the threatening attitude of Rumania.

Telegraphing from Bucharest, the Times correspondent says:

"In view of the threatened Russian intervention, preparations for defence are proceeding actively along the whole Bulgarian frontier under German supervision. Troops are being brought up from the Serbian front and about four divisions (48,000 men) of General von der Goltz's army are reported to have joined the Bulgarian forces. The Turkish and Bulgarian armies are now being well supplied with ammunition by way of the Danube."

Contradicting the German assertions, the Daily Chronicle's Salonika correspondent says he is informed from Serbian headquarters that the cost of the Serbian retreat during the past two months has been 15,000 men taken prisoners, 4000 killed and 17,000 wounded.

A despatch to the Daily Telegraph from Athens says definitely that the Serbians have been compelled to abandon the thousands of refugees gathered on the plain of Kossovo to the mercy of the invaders.

## GREECE WANTS MORE TIME

Answers Recent Entente Note, But is Understood to Be Seeking Delay.

London, Nov. 30.—Reuter's correspondent at Athens telegraphed that the Greek reply to the last entente note was handed to the allies' ministers.

The allies' note asked Greece to take certain steps confirming her recent assurances to the entente. Athens advices say that King Constantine and Premier Skoufoudis conferred for five hours Sunday night with reference to the allied proposals.

While no official statement as to the Greek government's position has been issued, it is reported that Greece will ask for more time to reach a decision. The government, it is said, is ready to discuss the proposals and satisfy all demands which do not compromise Greek neutrality.

## 950,000 ARMENIANS SLAIN IN MASSACRES

Reports From Stricken District Show Few Survive.

Rome, Nov. 30.—"We solemnly believe that out of the million or more inhabitants of the provinces of Trebizond, Erzerum, Sivas, Van, Bitlis, Diarbekir and Kharpal hardly 50,000 have escaped."

These few words reveal a tragedy without parallel in the war. They show that the fragmentary reports which have reached the outside world of the Armenian massacres gave only glimpses of the actual situation.

It was an Armenian prelate who made this statement. He has a personal knowledge of conditions in Armenia and has received official reports telling of the fate suffered by the helpless Armenians.

Commander Accorino Gorini, who was Italian commanding general at Trebizond for six years, gave to the world the first authentic news of conditions in Armenia, and it was through him that the correspondent was enabled to get the interview with the Armenian prelate.

While Commander Gorini had partially lifted the veil behind which was being enacted the Armenian horrors, it remained for this prelate to reveal the fact that 950,000 Armenians are believed to have been massacred after suffering terrible tortures or been driven into the desert to die of hunger and thirst.

## KAISER AT VIENNA

Sees Emperor Francis Joseph for First Time Since War Started.

Berlin, Nov. 30.—Emperor William arrived in Vienna and paid a visit to the Austro-Hungarian monarch, Emperor Francis Joseph, at Schoenbrunn castle.

The German emperor was received at the railroad station by Archduke Charles Francis, the heir to the throne, and Archduke Franz Salvator and Archduke Charles Stephen.

An immense crowd gathered and cheered with indescribable enthusiasm and joy. The entire city had been decorated with bunting for the occasion.

The meeting between the emperors, who had not seen each other since the outbreak of the war, was a most cordial one. The monarchs could hardly master their emotions.

## KITCHENER REACHES PARIS

Coming From Italian War Front, He Receives an Ovation.

Paris, Nov. 30.—Field Marshal Earl Kitchener, British secretary of state for war, arrived in Paris from Italy. He was given an ovation by soldiers and travelers at the station.

Lord Kitchener was received by General Vardes-Buller, British military attaché and Captain Glodot, of the staff of General Gallieni, the French minister of war.

## Report Rioting by Berlin Women

London, Nov. 30.—Reuter's Amsterdam correspondent says: "The Telegram is informed on good authority that serious rioting took place last Saturday in Berlin, in which several thousand women gathered before the Imperial castle and demanded the return of their husbands from the front and improvement in food conditions. The crowd finally was dispersed by the police."

## FOOD, MORE FOOD, IS CRY OF POLES

War Scared District Ravaged by Hunger.

## MULTITUDE FACE STARVATION

Soup Kitchens and Bread Lines Fail to Relieve the Thousands Facing Death.

Warsaw, Nov. 30.—Hundreds of thousands of the civil population in the Warsaw district of Poland are suffering from want of food.

A considerable percentage of this number still are homeless, living in huts, caves and abandoned trenches.

The situation is more serious because of the immense number of persons thrown out of work by the almost complete paralysis of Polish industries. Some workers have emigrated to Germany, where employment is plentiful, but the great majority prefer to remain near their homes in the hope of better days. Frontline Poles in all walks of life maintain that drastic relief measures are necessary if wholesale deaths from starvation are to be prevented.

Such fighting is now on hand is being distributed by the Germans under the bread card system, but only potatoes are available in quantities, while there is an acute shortage of dried vegetables, meat fats and condensed milk. Prices all over Poland have risen to unprecedented heights, but cannot be checked by the establishment of maximum prices, it is claimed, because of the fear that importation there would come to a halt.

Suffering is especially acute among the families of Russian reserves, who formerly received regular payments from the government. Pensioners now are cut off from their former incomes and the Russians are charged with having taken with them the funds of savings bank depositors.

The country districts of Poland from one end to the other are battle scarred, barren and fire-swept. In the Warsaw governmental district alone it is estimated that 400 villages were burned by the Russians. Many of the inhabitants who at first fled with the Russians later returned and threw themselves upon the mercy of the Germans.

Thousands already have died of starvation and diseases superinduced by hunger. Mothers, remaining alive are so undernourished they cannot feed their children. In Warsaw and Lodz women now rise at three o'clock in the morning to get good places in bread lines and not miss the chance to obtain some food at least. The horror of the situation is increased by a serious shortage of coal.

Committees composed of both Christians and Jews, with the assistance of the German government, are conducting soup kitchens at Warsaw and Lodz, distributing food and fuel. Eighty-one kitchens are running full blast in Warsaw, while numerous asylums and homes for young and old are in operation.

Lodz is trying to feed 300,000 of its half million population.

Statistics which appear to be authoritative show that from 200,000 to 350,000 persons are being supported in Warsaw alone. This number is steadily increasing. Meanwhile funds raised for charitable purposes have virtually been exhausted.

## GUARDING WAR SUPPLIES

3000 Car Loads Valued at \$10,000,000 Held in Altoona Yard.

Altoona, Pa., Nov. 30.—Railroad policemen were patrolling the Pennsylvania railroad yards at Hollidaysburg to protect upward of \$10,000,000 worth of war supplies. The supplies, stored in 300 freight cars there.

Much of the material consists of parts of steel cars, wheels, etc., for Russia, which is to go through the Panama canal. Other shipments include bridge iron.

Due to the congestion of freight at the water, the cars are being held in Altoona.

## WHEAT ORDER NOT ISSUED

Great Britain Made No Request, Officials Say.

London, Nov. 30.—The official press bureau made the following statement: "With reference to the announcement from Ottawa on November 28 that the Canadian government had commandeered 16,000,000 bushels of wheat at the request of the British government, the board of agriculture states that the British government have made no such request and that at present they have no information on the subject."

## Plan Complaint Bureau

Harrisburg, Pa., Nov. 30.—Chairman Alney, of the public service commission, announced that the commission would give special attention to informal complaints, and as the complaints increase, will establish a bureau to look after them. Where necessary, special examiners will be appointed.

## Uphold N. Y. Anti-Allen Law

Washington, Nov. 30.—The New York anti-Allen law of 1909, under which it was made compulsory to employ only citizens in the construction of public works, was held constitutional by the supreme court.

## BOY-ED'S STATUS IS UNDETERMINED

Prosecutor Does Not Say if He is Conspirator.

New York, Nov. 30.—The government's case against the principals of the Hamburg-American line on trial for conspiracy to deceive and defraud the United States by dispatching relief steamships with supplies from American ports to German cruisers at sea in 1914, has been closed.

The defense may present all its evidence today and the case be given to the jury tomorrow.

Three motions will be heard by Federal Judge Howe. A motion to dismiss the indictment; a motion to direct a verdict for the defense, and, these failing, a motion the jury be instructed to disregard all testimony concerning the steamship Maria Quersada, which the defendants allege was in no way connected with their operations.

A dramatic touch was given the proceedings by the demand of the defense that the government assert whether or not it considered Captain Karl Boy-Ed, German naval attaché, a conspirator in the case with the defendants. Boy-Ed, one witness testified earlier in the trial, directed the expenditure of \$750,000 alleged to have been spent in outfitting relief ships for German cruisers in the Pacific as well as the Atlantic. The government did not reply directly to the question, nor did the court, to whom it was reiterated, press for an answer.

## KILLS WIFE BEFORE CHILD

Girl Contradicts Father's Story That Shooting Was Accident.

Montrose, Pa., Nov. 30.—While his six-year-old daughter romped about the room, and his other two children were asleep in an adjoining room, Albert Hughes, thirty years old, shot and killed his wife, at their home in Auburn Corners, Susquehanna county. The husband stalked to the neighbors that he had killed his wife by accident, and then gave himself up to the authorities. He said that he was cleaning his gun when it was discharged. The story of his daughter contradicts this and Hughes is in jail charged with murder. It is said that the husband had been jealous of a neighbor.

## No Bed For Family

Mahanoy City, Pa., Nov. 30.—The arrest of Sidney Bogis, charged with non-support, disclosed the fact that the family was living in a cellar without even a bed. An eight-week-old babe slept in a soap box. Mrs. Bogis says drink is the cause of the situation.

## Edgar Murphy to Die December 6

Trenton, N. J., Nov. 30.—Edgar C. Murphy, of Burlington county, must die during the week of December 6, according to the decision of Justice Kallach, who presided at the trial of the man for the killing of Herman Fisher.

## AUTO WAS STOLEN.

Man Spending \$9000 he Received for Damages, it is said.

J. W. Manahan, Washington, D. C., declares that the wrecked and abandoned auto which was found on the Lincoln highway on Friday, is his car. He declared that the auto was stolen from his garage and he gave the names of the men whom he suspected of stealing the machine.

Police are searching for Sidney Hollister, 25 years old, and Everett Weaver, 26 years old, both of Washington. Hollister wears a "artificial right leg. Manahan said Hollister obtained \$9,000 damages following an accident a year or more ago in which he lost his leg and that he has been "sporting" on that money ever since.

## ACT FOR FIREMEN

Waynesboro People Hold Public Meeting to Prevent Action.

Several hundred citizens of Waynesboro held a special meeting in the rooms of the Mechanic Fire Company to protest against the sale of the firemen's hall by members of town council. The present town council, in order to secure funds for the motorizing of the fire department, decided to sell the present quarters of the fire company and move the apparatus and headquarters to the town hall, which has not been occupied since it was abandoned several months ago as a theater.

The members of the volunteer fire department object to their being thrown out of their present quarters and have circulated petitions to stop the sale.

## LIMIT TO WORK

How Long Girls may Work in Stores Each Day.

In view of the Christmas shopping season it is well to know that the State labor laws now direct that girls under twenty years of age may not be employed in stores or factories, after nine o'clock at night or before six o'clock in the morning.

No female may be employed more than six days a week, more than 54 hours a week, or more than ten hours a day. When an establishment is closed for a legal holiday females may be employed, during such week two hours a day overtime for three days but the working hours for the week must not exceed fifty four.

## Eat a Square Meal and Not Fear Indigestion

There are hundreds of people in Gettysburg who were not the least bit surprised when they read in the Gettysburg Times that The People's Drug Store is selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, flatulence, or the general play-acted condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

The People's Drug Store can tell you a many well known people in this city who this remedy has restored to health, after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that The People's Drug Store stands ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in Gettysburg today praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na, they eat what they want and when they want with no fear of suffering.

## Army Feet

THEY'RE a blessing! Never any soreness, pain or tenderness. Never tired, hot, blistered or swollen. Williams' Foot Bath Tablets will make your feet "Army Feet." They relieve tenderness and pain, cool and soothe hot, tired feet and make walking a pleasure. Try them and you'll get quick relief from foot discomforts.

"The Thinkers of the Country Are the Tobacco Chewers"—

said one of the greatest thinkers this country ever produced.

## Nerves of Ice and Iron—

That is what the doctor needs to rise in his profession. That is what you need to keep ahead in your "game," whatever it is.

Are you chewing strong, rank tobacco that some day, if not even now, may "get" your nerves?

Or have you, too, found out that mild PICNIC TWIST can give you all the long-lasting satisfaction of a strong chew, without taking toll from your nerves?

You can have no idea of the sweet mellowness of the specially selected tobacco leaves that are twisted into every PICNIC TWIST—until you try one.

## CHEWING TOBACCO

You cannot believe what a soft, wholesome chew it is until you become a "PICNICKER."

Ask your dentist if there is a better natural preservative of the teeth than a soft chewing tobacco. It won't take the place of proper care of the teeth but it is a great help.

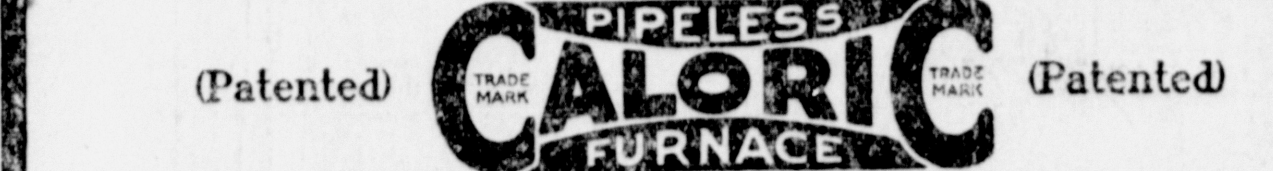

PICNIC TWIST comes also in freshness-preserving air-tight drums of eleven 5c TWISTS.

## City Comfort for Farm Homes

You can be warm all over. You don't have to be roasted on one side and cold on the other. You needn't lug coal from the cellar and carry ashes down from upstairs. You needn't get up in the cold to build fires. You needn't spend time and elbow grease cleaning soot from the ceilings. You ----- But what's the use? You know the advantages of a furnace without our telling you. You've gone without a furnace for the same reason that you've stood for off-year crops—because you thought you must. House already built, cellar not suitable or too expensive to cut holes in the house and install pipes. Nothing to it. Those objections are dead as last week's war bulletin. Our wonderful invention makes furnace pipes unnecessary. The Caloric Pipeless Furnace can be installed in any house new or old because there are no pipes to put in. You need only a hole for the single register immediately above the furnace. The

burns coal, coke or wood and is guaranteed to save 35% of your fuel. This enormous fuel saving is secured by means of our double ribbed firepot and the form of heavy black smoke. When you use the Caloric Pipeless Furnace you get heat in your house instead of soot on your roof. A clean house and a small coal bill. Our high combustion chamber provides for the burning of the carbon flakes, ordinarily called soot, which otherwise would go out the chimney in the form of heavy black smoke. The Caloric Pipeless Furnace is also made in larger sizes for schools, churches, hall, etc. Just tell us what your heating problem is and we will show you how to solve it. The Caloric Pipeless Furnace is also made in larger sizes for schools, churches, hall, etc. Just tell us what your heating problem is and we will show you how to solve it.

## Look! Strong Guarantee!

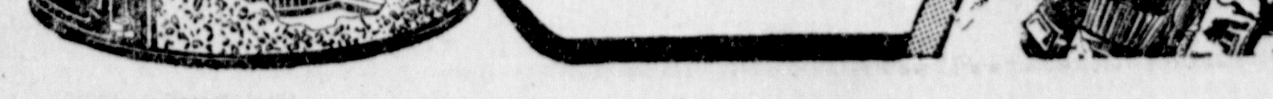

This is our daring method of proving to you what the Caloric Pipeless Furnace will do for you. We do not expect you to believe the strong points about this furnace on somebody's say-so, and therefore we make a guarantee offer that heretofore was absolutely unheard of in the furnace business. Here is our proposition:

You put the Caloric Pipeless Furnace in your house, school, hall or other building and give it a fair test. Workmanship, material and heating results are guaranteed. If anytime during the first year you find this Pipeless Furnace unsatisfactory, we will correct it. Nothing can be fairer than this.

## Come In to See It

You cannot thoroughly appreciate the Caloric Pipeless Furnace unless you actually see it. We can easily prove to you that this furnace will heat your entire house with no pipes and only one register. We also want to tell you about the strong Caloric guarantee that absolutely protects you.

## FOR LAW AGAINST UNNEUTRAL ACTS

Wilson Will Ask Congress to  
Provide Severe Penalties.

## AIM ACTION AT BOMB PLOTS

Kern Is Made Democratic Floor  
Leader in the Senate and Will  
Name Steering Committee.

Washington, Nov. 30.—President Wilson's address to congress next week not only will treat upon greater preparedness for national defense, but will call to the attention of congress the explosions and fires in American industrial plants.

The president intends to recommend that the Sherman law be amended to include severe penalties for such restraints of trade. Any division in the ranks of American citizens whose sympathies with the warring belligerents may have led to excesses will be emphatically condemned as un-American by the president.

In several recent speeches the president has spoken for "America first" and called upon Americans to stand united. That he considered the situation of sufficient importance to bring to the attention of congress, however, had not generally been realized.

The president is expected to refer to the subject in his address in connection with a general statement that the United States can be really prepared only if all its citizens stand together and repel outside influences.

Secretary Tumulty said the president had written Representative Hamilton, of New Jersey, expressing regret that he was unable to take up the question of obtaining pensions for civil service employees in his message. The president stated his message necessarily must be grouped around a single subject. This was accepted as an indication that the message will deal solely with national defense and related questions.

Senator Kern, Indiana, was re-elected chairman of the Democratic senate caucus and floor leader by unanimous vote at the conference of senate Democrats. Senator Pittman, Nevada, was elected secretary of the conference to succeed Senator Saulsbury, Delaware, who wished to relinquish the office. Selection of a vice chairman, president pro tempore of the senate, committee assignments, and the report of the special committee on revision of the rules, were postponed until Wednesday.

Senator Kern was authorized to name a new steering committee of eight members, to be approved by the conference Wednesday. Chairman Owen, of the special committee to revise the rules, will submit a report Wednesday, recommending a modified form of cloture on debate. Upon that division of opinion is expected, and discussion may prolong the conference several days.

## BANDITS ROB TWO BANKS

Employees Locked in Vault, Thieves  
Escape With \$5447.

Muskogee, Okla., Nov. 30.—Three white men and one colored man rode into Fort Gibson, eight miles from Muskogee, and robbed the Farmers National bank of \$5447.

The cashier and the bookkeeper were marched into the vault and locked in. The bandits escaped.

## Get \$1500 and Escape in Wagon

Minneapolis, Minn., Nov. 30.—Three armed bandits entered the Camden Park State bank here, drove three employees into a vault, obtained \$1500 and escaped in a stolen delivery wagon.

## Elizabeth Gurley Flynn on Trial

Paterson, N. J., Nov. 30.—Aided by New York society women and prominent suffragists, Elizabeth Gurley Flynn, leader of the Industrial Workers of the World, was placed on trial for the second time, charged with inciting violence during the silk mill strike, two years ago. The jury disagreed at the first trial. "Free speech is on trial, not I," said the defendant.

## Respite For Slayers

Harrisburg, Nov. 30.—Governor Brumbaugh issued a respite staying the electrocution of George H. March and R. L. Pennington, convicted of murder in Delaware county, from the week of December 13 to the week of December 27 to permit new application for clemency to be made to the state board of pardons, which will meet on December 15.

## Held on White Slavery Charge

South Bethlehem, Pa., Nov. 30.—Postes Johnson was arrested, and after a hearing before Magistrate Kelley, held to answer a charge of white slavery. Margaret Weiser, nineteen years old, and Catherine Smith, twenty years old, of Wapinger Falls, N. Y., were held as material witnesses. The girls assert that Johnson brought them to this city.

## Gas Explosion Fatal

Shamokin, Pa., Nov. 30.—Clarence L. Hoover, inside superintendent of the Shipman Coal company's Colbert colliery, died from an explosion of gas in a breast he was examining at the colliery.

## Envy Shows Small Mind.

## \$10,000 IN PAYROLL PADDING

Dupont Powder Company Admits Big Swindle at Hopewell, Va., Plant. Wilmington, Del., Nov. 30.—An attempt to swindle the Dupont Powder company on a wholesale scale by "padding" the payroll at the plant at Hopewell, Va., where 20,000 men are employed, has been unearthed by the private police of the corporation. Ten thousand dollars, officers admit, are missing from the payroll. They deny the effort at fraud has spread to Carney's Point, N. J., or the main offices in Wilmington. Four men, according to despatches from Norfolk, are under arrest and six others are sought.

"It is true that \$10,000 is missing from the payroll at the Hopewell plant," an officer of the company said. "There is no truth in the report that the payroll fraud represents a loss of \$250,000."

"The principals in the swindle 'padded' the payroll and charged time for phantoms."

## PLYMOUTH RIOTERS WRECK A TROLLEY

Forefall Police by Making  
Early Attack.

Wilkes-Barre, Nov. 30.—Rioting started afresh in the Wyoming valley when a crowd of fifty men mobbed the first car sent over the lines of the Wilkes-Barre railway to Plymouth. The crew was dragged from their posts, severely beaten, and the crowd ran the car some distance away and wrecked it.

The early morning attack came unexpectedly. As the car reached a crossing in the upper end of Plymouth, and the conductor ran forward to see if the track was clear, a score of men pounced upon him. The crowd threw stones and bricks through the windows, dragged the motorman from the vestibule and pummeled him.

While only about fifty men took part, a crowd of several hundred persons gathered. A few peace loving citizens finally interfered and rescued the men, taking them to a doctor's office for treatment.

The city lock-up here and the lock-up in Plymouth are filled with prisoners gathered in by the police on a charge of inciting to riots. Some of those arrested were armed with blackjacks and revolvers, and the authorities have announced that these men will be prosecuted to the full extent of the law.

## "NEWS TO ME," SAYS GOV.

Hadn't Heard Rumor He Would Be  
Candidate for Senatorship.

Harrisburg, Nov. 30.—Governor Martin G. Brumbaugh disposed of rumors that he might be a candidate for United States senator next year by saying that he had not discussed the matter and in fact had not heard of it.

"It is reported that you will be a candidate for the United States senatorship. What is there in the report?" was asked of the governor.

"That's the first I've heard of it," he said.

"The report has been printed in Philadelphia and Pittsburgh," was then stated.

"Well, I have not seen it and I have not discussed it. I don't know anything about it," replied the governor. He declined to discuss state politics any further and remarked that he was busy finding the right sort of men for the big places he has to fill.

## Make the Living Room Livable

That's the one room in the house where you want warmth and comfort aplenty during the long winter evenings. There's no sense in shivering to death in a chilly room—to say nothing of the danger of colds and pneumonia—when a Perfection Oil Heater will keep the room snug and warm in the coldest weather. The Perfection burns kerosene—the ideal fuel—the fuel that is easy to handle, safe, low priced, and produces a great deal of heat.

## PERFECTION Smokeless Oil Heaters

are easy to operate and easy to care for. There is no smoke, no soot, no ashes, no odors to bother you.

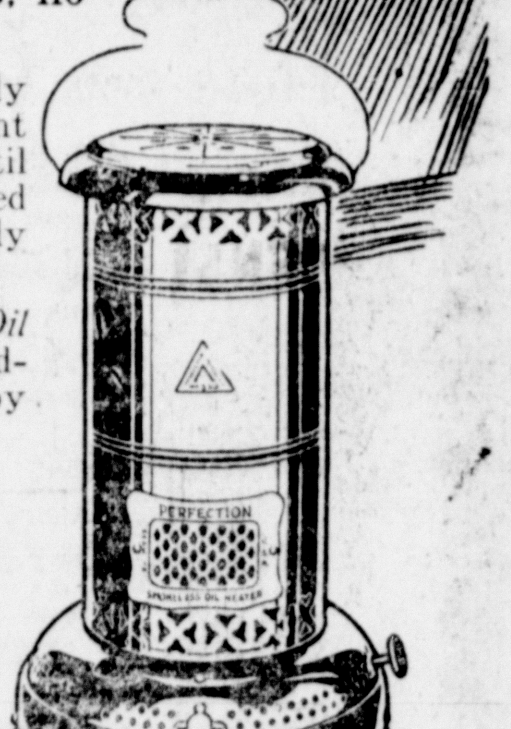

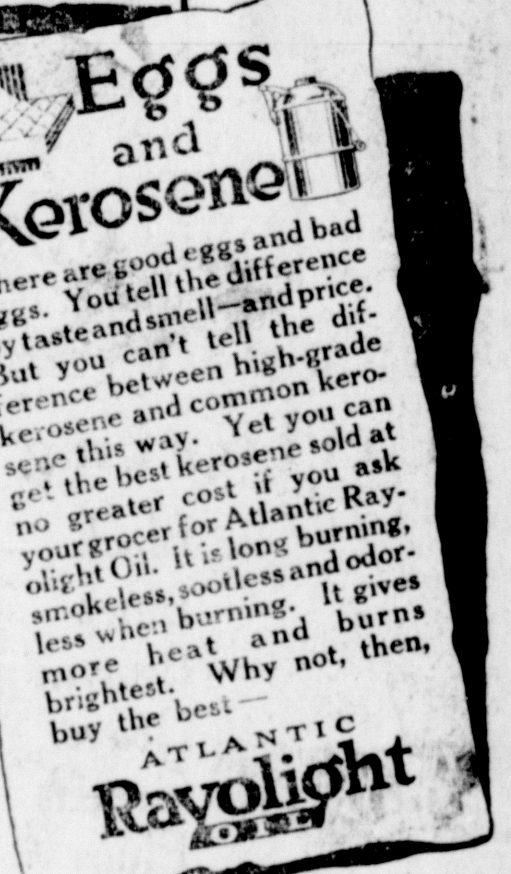

The Perfection is useful from the first chilly days of fall, before the furnace is started, right through the more severe winter weather, until the balmy spring days arrive. It can be carried from room to room, while lighted, with absolutely no danger.

Ask your dealer to show you a Perfection Oil Heater. He can explain to you many more advantages that are not mentioned here. Sold by dealers everywhere.

## HARRISBURG MAN IS NOW HAPPY

I. E. Beckwith Says Wonderful Remedy Gave Him Great Help.

I. E. Beckwith of Harrisburg, Penn., was a victim of disorders of the stomach and intestinal tract. He tried treatment after treatment. Nothing gave him relief.

Then one day he discovered Mayr's Wonderful Remedy—and soon was happy.

Mr. Beckwith wrote to Geo. H. Mayr, the maker of the remedy and for twenty years the leading druggist of Chicago.

"I believe that Mayr's Wonderful Remedy is the greatest stomach remedy on earth. One dose would convince any one who is troubled with his stomach of its wonderful merits. It removed some of the most awful looking stuff from my stomach. I have taken other remedies, but they never helped me."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfied factory money will be returned.

No. 1.—A tract of timberland in Hamilton Township, Adams County, adjoining lands formerly of Anthony Peters, Thaddeus Stevens, and James Daniel Woodring, containing about 6 acres and 70 perches, covered with good mill lumber, partly oak, chestnut and white pine.

No. 2.—Timberland in same place, adjoining lands formerly of James Ott, the W. M. R. Co., and James D. Paxton, containing about 4 acres and 152 perches, partly covered with young timber.

No. 3.—Timberland in same place, adjoining lands formerly of T. Stevens, Geo. Bushman and others, containing about 4 acres, with some good timber and a dwelling house.

No. 4.—Timberland in same place, adjoining lands formerly of T. Stevens, Jos. R. Scott, Herring & Sanders, Geo. Sell, and Wm. A. Hull, containing about 24 acres and 43 perches. This tract is covered with good, heavy timber.

No. 5.—Timberland in same place, adjoining lands formerly of Baranas Riley, Henry and Geo. Herring, Geo. Sanders, Jos. Culbertson and J. S. Witherow, containing about 16 acres, with a log house, stable and some timber.

No. 6.—Timberland in same place, adjoining lands of John B. Musselman, Geo. Watson, John Krug and B. Paxton, containing about 29 acres, and covered with young timber.

No. 9.—Timberland in same place, adjoining lands of D. B. Russell & Co., Edw. Reese, and Wm. Hull's heirs, containing about 27 acres and covered with good young timber.

No. 10.—Timberland in same place, adjoining lands of Henry Herring, John and Edw. Reese, Jacob Musselman's heirs and John A. Peters, containing about 26 acres and 112 perches, covered with good timber, oak and chestnut.

No. 11.—A lot of ground in same Township, at Iron Springs, adjoining lands of J. E. Kisinger and others, improved with a two and half story frame dwelling house and out-buildings.

The sales of all these tracts will be held on No. 11, at Iron Springs, the late residence of said Wm. Herring, dec'd., and commence at 1:30 P. M., when terms and conditions will be made known by

## PUBLIC SALE OF VALUABLE WAREHOUSE PROP- ERTY LOCATED IN ADAMS COUNTY FRUIT BELT.

On Saturday, the 18th day of December 1915, the undersigned, in pursuance of an order of sale from the Court of Common Pleas to them directed, will offer at Public sale on the premises at Aspers Station, Adams County, Pa., the following valuable real estate, consisting of two adjoining and contiguous tracts of land, viz:

Tract No. 1, is a plot of ground adjoining lands of A. B. Deardorff, H. J. Gulden and the G. & H. R. R. Co., improved with a three-story warehouse building 20x50 covered with a slate roof, with fertilizer house, scales and a new office building, containing perches more or less.

Tract No. 2, is another plot of ground joining tract No. 1, improved with a railroad switch and coal trestle built of stone butts, heavy stringers and railroad iron, as well as a new corn crib, containing perches more or less.

This is one of the most valuable locations in eastern Penna., lying in the heart of the Adams County fruit belt giving a splendid opportunity in addition to the general warehouse business, to handle fruits and vegetables in large quantities. There is also a demand for a cold storage at this location and the combination would be a valuable asset. Whilst the business is now in the hands of the receivers it is nevertheless enjoying a good trade and the assignees are prepared to show that it is one of the most profitable locations in this part of the state if the business is properly executed. If anyone wishes to view the property, he can do so by calling on D. C. Asper, Aspers, Pa., who is thoroughly familiar with the details of the business. Sale to commence at 2:00 P. M. when terms and conditions will be made known.

## Urge Your Friends

Who do not get the TIMES

## To Help the School Children get Subscriptions

when they try to earn some money for their school they deserve to be encouraged. This is the Best Chance ever Offered to the County Schools and the Times does not expect to make any money from the plan. The pupils are working for their school, not for the paper.

This is the most liberal offeral ever made.

The Times has done its part:

The Children are doing theirs, will YOU help them get a new Organ, new Dictionary, the start of a reference Library or something that the school in your neighborhood needs?
